the first world war has given rise to a multifaceted cultural production like no other historical event this handbook surveys british literature and film about the war from 1914 until today the continuing interest in world war i highlights the interdependence of war experience the imaginative re creation of that experience in writing and individual as well as collective memory in the first part of the handbook the major genres of war writing and film are addressed including of course poetry and the novel but also the short story furthermore it is shown how our conception of the great war is broadened when looked at from the perspective of gender studies and post colonial criticism the chapters in the second part present close readings of important contributions to the literary and filmic representation of world war i in great britain all in all the contributions demonstrate how the opposing forces of focusing and canon formation on the one hand and broadening and revision of the canon on the other have characterised british literature and culture of the first world war

reels for 1973 include time index 1973

tony gwynn is the greatest hitter in the history of baseball that s the conclusion of this engaging and provocative analysis of baseball s all time best hitters michael schell challenges the traditional list of all time hitters which places ty cobb first gwynn 16th and includes just 8 players whose prime came after 1960 schell argues that the raw batting averages used as the list s basis should be adjusted to take into account that hitters played in different eras with different rules and in different ballparks he makes those adjustments and produces a new list of the best 100 hitters that will spark debate among baseball fans and statisticians everywhere schell combines the two qualifications essential for a book like this he is a professional statistician applying his skills to cancer research and he has an encyclopedic knowledge of baseball he has wondered how to rank hitters since he was a boy growing up as a passionate cincinnati reds fan over the years he has analyzed the most important factors including the relative difficulty of hitting in different ballparks the length of hitters careers the talent pool that players are drawn from and changes in the game that raised or lowered major league batting averages the introduction of the designated hitter and changes in the height and location of the pitcher s mound for

example schell s study finally levels the playing field giving new credit to hitters who played in adverse conditions and downgrading others who faced fewer obstacles his final ranking of players differs dramatically from the traditional list gwynn for example bumps cobb to 2nd place rod carew rises from 28th to 3rd babe ruth drops from 9th to 16th and willie mays comes from off the list to rank 13th schell s list also gives relatively more credit to modern players containing 39 whose best days were after 1960 using a fun conversational style the book presents a feast of stories and statistics about players ballparks and teams all arranged so that calculations can be skipped by general readers but consulted by statisticians eager to follow schell s methods or introduce their students to such basic concepts as mean histogram standard deviation p value and regression baseball s all time best hitters will shake up how baseball fans view the greatest heroes of america s national pastime
