no one who has felt the life changing pull of emerson s enormous planetary mind has ever doubted his power or his greatness though we are often puzzled to know whether he is primarily a poet an essayist or a philosopher richard geldard is not puzzled at all by this he has written a book that plainly shows emerson to be essentially a teacher the socrates of concord a man with a message that we need to hear today previous generations beheld god and nature face to face emerson says and adds provocatively that we moderns seem able only to see those things through the eyes of the earlier generations why he asks and the question is intended to shatter our complacency why should not we also enjoy an original relation to the universe why should not we have a poetry and philosophy of insight and not of tradition and a religion by revelation to us and not the history of theirs emerson s life was devoted to showing how one may still attain an original that is to say an authentic relation to the universe and geldard s book aims to focus and distill the famously dispersed emerson and put his central teachings into the modern reader s hand previous edition titled the esoteric emerson the spiritual teachings of ralph waldo emerson [click here to read an interview with the author richard geldard](#)

taking the path to spiritual awareness is a guide and explanation of a spiritual path that can be followed to find and realize your oneness with god the book is organized into two sections section one is sub titled a close encounter with the teachings of joel s goldsmith and covers the events of an imaginary day spent with him section two is sub titled a closer look at the teachings of joel s goldsmith and is in a step by step format where each step is built on an understanding of preceding steps leading toward being able to live a life governed by the knowledge and practice of your spiritual reality the book is based on the teachings of jesus as interpreted by modern masters which have already changed countless lives in terms of improved health a surer supply increased harmony and an enhanced love for all beings

this volume directs attention to the teaching of jesus it introduces the question of how the imagination has to work in order to retrieve the teaching of jesus and apply it to actual life in our day teachers and preachers are engaged in this work all the time but upon examination it involves a process that bears reflection we live in a world that is so different from the world in which jesus taught that many ask about its practicability relative to our complex everyday lives the volume turns to three authors who work at this have thought through present day theory of interpretation and respond to basic questions that explain the adjustments that allow us to apply jesus teaching to our dilemmas with interpretation that remain faithful to the content that he proposed sandra

schneiders turns to modern hermeneutics the theory of interpretation and explains what is going on in the human mind that allows us to say that present day interpretation while different from jesus because our worlds are different corresponds to what jesus communicated in the past relative to his world william spohn pushes the same idea further to concrete examples of how analogy sameness and difference together both binds the imagination to jesus and frees us to see new relevance for jesus actual teaching and lisa sowle cahill takes the spirit of the other two into the social order to show how jesus teaching has a real relevance for the highly complex societies in which we live today the logics of these three authors offer models for what is going on in all of the past light on present life volumes as they represent different historical periods and distinct themes in western christian spirituality

there are two lost gospels one found almost 60 years ago and the other found less than twenty years ago that we now know contain the oldest largest and most accurate collections of the teachings of jesus these are the gospel of thomas and a gospel called q1 these teachings amaze some people and disturb others because these documents were written before the early christian church rewrote jesus words to give us the new testament gospels the original teachings of jesus offers a unique translation of these two gospels the sayings have been organized to make sense and flow as they would from the mouth of jesus additionally this translation recovers root meanings and idioms from jesus native aramaic to bring the subtleties and flavor of his own culture to print for example god is called the one heaven is called the world of light hell is never mentioned the original teachings of jesus are deeply spiritual but they are not religious salvation is offered but it is accomplished by spiritual enlightenment and has nothing to do with sin these teachings offer a clear set of instructions for achieving spiritual enlightenment and promise that seeking and practicing bring one to a personal experience of god and of the world of light this is the only book to date that combines these two lost gospels in a way that uncovers the spiritual teachings of this mystic aramaic teacher jesus there are 134 teachings accompanied by an explanation of what they meant in the context of jesus time and culture and a commentary on what the teachings mean in our own time last but not least the introduction tells the compelling stories behind both lost gospels chapters include spiritual awareness how to live jesus students god jesus wisdom and the judeans

the spiritual teachings of jesus are a universal message to all of mankind to awaken to our true spiritual identity and spiritual body of love and non violence before our body of flesh dies and returns to the earth only our spiritual body and soul live on reaping what we have sown during our short time on earth we must overcome the dualistic mind of the flesh from controlling us and become at one with our spiritual body and spiritual mind of love filled only with the loving life force of our loving spiritual creator then our two bodies one of flesh and one of spirit an be at one in

purpose to bring the love of heaven to earth for all children these words of jesus transform us this new edition explaining the teachings of jesus focuses on the real purpose of his words they were not meant to put jesus so far above us that no one could be like him as many judeo christians teach but rather to help you understand how to become exactly like him in every way this was his whole reason and purpose for giving us spiritual teachings so we may experience the same spiritual awakening that he did and come alive to our spiritual body and soul mind of love that is eternal unlike the temporary body of flesh that dies he was not a sacrificial lamb who takes away your sins and cleanses you with his blood on the cross that is seeing him through a jewish lens he was a great universal spiritual teacher of love who teaches you how to take them away yourself and become spiritually clean and alive as he said my words they are spirit and they are life
